Preliminary Title: U.S. and Global Macroeconomic Projections to 2032

Type of Report (ERR, EIB, EB) EIB
 Influential Scientific Information

Agency: Economic Research Service Highly Influential Scientific Assessment
USDA

Agency Contact: Kelly Maguire, kelly.b.maguire@usda.gov

Subject of Review: The macroeconomic assumptions and analysis underlying the baseline are compiled from 3 U.S. Government and international agency projections, and USDA, Economic Research Service regional and country experts, and private forecast services. The projections assume no policy changes, and no additional shocks (e.g. political crises, major conflicts, disease outbreaks). The macroeconomic projections were completed using data from August 2022 based on expectations at that time.

Purpose of Review: The purpose of the review is to ensure the high-quality of the economic analysis, transparent explanation of methods, objective interpretation of results, and effective communication to the intended audience.
